Bangladesh Public Administration Training Centre (BPATC)

Bangladesh Public Administration Training Centre (BPATC) was founded in 1984 as an autonomous organisation under Presidential Ordinance (Ordinance No XXVI of 1984). The charter created the BPATC by amalgamating the following training institutions:

- Bangladesh Administrative Staff College (BASC)
- National Institute of Public Administration (NIPA)
- Civil Officer's Training Academy (COTA); and
- Staff Training Institute (STI)

The merger took place with a vision to integrate both human and non-human resources, pool diverse ideas and experiences and widen scope of interactions between different cadres and services. Thus, BPATC inheres a rich legacy, and sets a unique model of integrated training in the fields of public administration and management.

The basic professional tasks ascribed to BPATC are to design and organise training courses, workshops, seminars and conduct research on public administration, management and development economics. Moreover, the centre advises government on leading policy making issues. Clientele groups of BPATC are diverse representing all the cadres of the civil service. Their level ranges from newly recruited Civil Servants to the top level policy makers. Business executives of both public and private sectors are also encouraged to participate in the training programmes of BPATC. Currently, NGOs are also showing keen interest in BPATC's training programmes. In the past, several NGO representatives have participated in the seminar and workshops at BPATC.

Message

I am happy to learn that the participants of the 44th Foundation Training Course at BPATC are going to publish a souvenir at the end of their course.

The officers of civil service are the main workforce of the republic to run the country. A high standard of training is required to get ready the new entrants to shoulder the responsibilities to propel the country towards a sustainable development. I hope that BPATC has been rendering the job quite successfully.

I express my good wishes to the officers undergoing the Foundation Training at BPATC. I hope that the officers will work at the field level with utmost sincerity, honesty and dedication to steer the country in achieving our desired goal, the establishment of a digital Bangladesh.

Message

For more than a quarter century BPATC is functioning as the apex training body for the civil servants of Bangladesh. Its main engagement is the Foundation Course through which all civil servants are trained.

The 44th Foundation Training Course participants have decided to publish a souvenir before the conclusion of their training. This is a very welcome initiative and I hope that it will be enriched by the contributions of the many participants as well as their trainers.

The Foundation Course tries to turn a raw university graduate into a responsible government official. It is my sincere belief that such a transformation is happening. I had like privilege of interacting with this group of trainees a little. The most important lesson for such a course is the commitment to public service and let me hope that such a spirit will be inculcated in many of the trainees.

I expect the souvenir to be a good and beautiful publication with also valuable compositions from the contributors.

Abul Maal Abdul Muhith

Adviser to the Hon'ble
Prime Minister
Government of the People's
Republic of Bangladesh

Message

Learning is an unending process in life, which moulds our thoughts and ideas every day. As days go by, we discover previous learning to be outmoded, in some cases, while in case of others, we regenerate the same learning afresh. Training is an integral part of learning. Training institutes such as BPATC play a pivotal role towards formation of our society at large and the civil service of Bangladesh in particular. I am delighted to learn that the Centre, at the conclusion of its current training program, its 44th Foundation Training Course, is bringing out a souvenir to commemorate the occasion.

As you all know, BPATC is an alma matter for me. While working as its founder project director, I personally felt inside me an urge for strengthening the Centre so as to make it a hub of excellence for the future leaders of our bureaucracy. The present government under the able leadership of Prime Minister Sheikh Hasina is firmly committed to upgrading the standard of service to our people through administrative reforms aiming at building a modern, transparent, accountable and service oriented institution as enshrined in our Vision 2021 and the Charter for Change. Against this backdrop, it is time that we address the challenges now being faced by the public service in the broader scale.

Please allow me to convey my whole-hearted congratulations to the organizers for bringing out this publication and wish them all the success in their respective functioning arena. I sincerely believe and hope that their effort would not only cover the training facets, but also be an authentic and standardized document for reference for their sweet reminiscence in the days to come.

Message

The bright officers of 44th Foundation Training Course are on their way to publish a souvenir at the end of their training period. I welcome their initiative. I firmly believe that the training they have undergone by this time will build them as updated, responsive and pro-people civil servants.

There is no alternative to training to attain professional efficiency and self-actualization. The foundation training aims at developing the trainees motivating them to serve people with their utmost capacity. I do hope that the knowledge and skill they have acquired in BPATC will encourage them to apply the acquired skill in their future career. I wish a superb career of the newly trained officers.

Finally, I offer my heartfelt thanks to the officers involved in this memorable task of publishing the souvenir.

Message

It gives me immense pleasure to learn that a souvenir is going to be published by the participants of the 44th Foundation Training Course at BPATC to cherish their dazzling sweet memories in an ornamental way. I appreciate their initiatives as they could manage to publish this token of ever-lasting memory despite busy schedule during the course. This souvenir will build a mail-bond among the participants with the taste of tolerance, friendship, co-operation and sincerity on the basis of reciprocity.

I would like to offer thanks to those genius participants who have taken all the pains to publish this work. No doubt, this foundation training will show them the way to the zenith of their career. This excellent piece of creation will give them the opportunity to know each other.

I wish their glorious and fruitful professional life.

Wishing them every success.

Message

I am delighted to learn that the participants of the 44th Foundation Training Course at BPATC are going to publish a souvenir of graceful memories that will enchant the exuberant activities of the participants during the course.

As one of the pivotal workforces of the Republic, officers of the Civil Service shoulder lots of responsibilities to propel the country towards a sustainable development. There in the reality, the demand for efficient officers come forward necessitating high standard of training that BPATC is trying to do with highest professionalism. BPATC is imparting knowledge to the trainees on Development Administration, Management, Global Competitiveness, Administrative Rules and Regulations, Good Governance, Government Policies, Basic Economics, English Language, Computer Skills and many more. The training will endow the trainees with leadership quality and social skills. The out-door activities like playing football, basketball, volleyball and swimming at the centre help the participants to keep fit both physically and mentally. As a whole, the foundation training at BPATC will be fruitful enough to transform the participants into ideal officers who will work shoulder to shoulder with highest dedication, fullest honesty, sincerity, diligence and devotion to raise the prestige and standard of Bangladesh leading to Digital Bangladesh.

Alongside the rigorous daily activities incurred upon the participants at the centre, the participants must have taken lots of pangs to bring the job of publication to culmination. I hope the souvenir will obviously remain as a memoir of tough but colourful days at BPATC to the participants of 44th Foundation Training Course, which would remain an eternal source of inspiration in their whole professional lives.

Message

I am happy to know that a souvenir is going to be published by the participants of 44th Foundation Training Course. It's really a testimony of creativity of the bright officers of Bangladesh Civil Service. The course management also takes pride to see the success of the promising trainee officers in various activities of the course. They have proved their excellence not only in academic curriculum but also in flourishing their creativity and innovativeness. Obviously, they deserve commendation for their efforts. The participants, seemingly, have developed the ability to add aesthetic value to the souvenir in order to make it something unique. What we have tried from course management is to flourish all virtues of leadership because of the fact that the trainee civil servants will lead the country in the next 30 years.

The Foundation Training Course is designed with a sense of generating confidence and selflessness among the participants. We have tried our best to make it a success with the sagacious leadership of our honourable Rector. Nevertheless, I am ready to recognize that despite a few flaws the course has come to a happy end at last. I earnestly hope, my enthusiastic young colleagues will be able to effectively contribute in the process of changing the nation in conformity with the needs of ever-changing national and global context.

I wish every participant pompous success in service life as well as family life.

Message

My joys know no bounds to be informed that the participants of 44th Foundation Training Course are going to publish a gorgeous souvenir amidst their very busy schedule of foundation training course.

As a catalyst between the participants and the course management, being the Course Director, I enjoyed the opportunity to know every participant very closely. Their enthusiasm and spontaneity will lead to their self-development in the coming days. This is my aspiration from the heart. For the successful completion of this course, we tried our best to guide them properly regarding different issues on Bangladesh Studies, Public Administration, Management Process, Development Economics, Skill Development in IT, English Language, and car driving. I do believe, my worthy participants had the biggest chance to know each other, develop reciprocity and solidarity among themselves from this training. This will act as a generator to enhance this relationship in future. Especially, the exposure visit and village study program will help a lot to increase leadership quality in them. I must thank the dedicated members of the publication committee for their gravity and such a tremendous gift.

Wishing all the best to the participants and a very good luck to them.

*The rolling surge that mirrored all the skies
Mingled its music, turbulent and rich,
Solemn and mystic, with the colours which
The setting sun reflected in my eyes.* - Charles Baudelaire

A wonderfully mystic ray flickers on the curly waves. Every diminishing wave wanes radiating further rays. Rays intermingled drop into the realm of eternity. No rays, no murmuring anymore. Yet, music is there, there is life though nothing but a glimpse of life between darkness immeasurable is prominent. Might-be-undefined matrix of life still combines colours radiating the spectrum of hopes and disappointment, memories and dreams. Alone came we, but once in, we are many.

Now, as the departure is nearing, we are prompt enough to retrospect. Fresh did we come in, alone in a sense - formed a chain of reciprocal love and understanding. Tough chores of daily life here in BPATC, bound us together through the raising of a thirst only to be mitigated by fellow feelings, inter-cadre mail-bonding and very innate friendship. Parallel and conspicuous with the implicit blending and fusion, the basic goes and goals of the Centre did much to instill high sense of professionalism, diligence, integrity and self-dignity by means of developing skills and attitudes towards the service for the people of the country.

Sneaking out of the tightly-set hours of the daily programs, the publication would really have been a very tough job without the sincerest support from both the course authority and the participants of 44th Foundation Training Course accrediting the credit mostly to the participants. Here I would like to extend gratitude to our honourable Rector, Course Advisor, Course Director, Course Co-ordinators and the Faculty Members for their indispensable guidance to make this souvenir of memoir a success. I cordially thank all the members of the Literary and Publication Committee for their bona fide support and assistance.

I humbly apologize for the unwitting slip-ups that might occur in the publication. May almighty endow all of us with patience and potential so that we can surmount the obstacles on way of the dream of a peaceful and affluent Bangladesh.

Message

The BPATC campus is beaming with a bunch of newly recruited officers. The Foundation Training Course is playing a very vital role in moulding the probationary officers of Bangladesh Civil Service. The deep rapport created among the participants during the training period will remain ever-green. The bitter but sweeter memories of the centre will repeatedly take us back to the bygone days.

Keeping pace with the time, the course authority has involved newer dimensions to the course materials and training mechanism which will be acting as the supporting joystick to flourish talents. We have been able to thrive our capacity by attending sessions conducted by the dynamic, efficient and resource persons. In line with the academic activities; sports, swimming, driving, debating and cultural programmes have added to our stock of experience. Here, I cannot but mention some course activities like Know Bangladesh, Village Study Programme, Upazilla Exposure Visit, Attachment to BARD/RDA/BRDTI, Attachment to the Secretariat, and a Visit to the Parliament and Bangabhaban which were really greatly significant for us.

On completion of the 44th Foundation Training Course, a souvenir named 'Prismatic Spectrum' has been published. In this connection, the course management has always extended their cordial support to us. Here, I would like to convey my heart-felt gratitude to the respected Rector, Course Adviser, Course Director, Course Coordinators and the faculty members for their valuable support in bringing out the publication. The members of the Literary and Publication Committee deserve lots of thanks for their continuous effort to help make the publication possible. A good many participants though not in the committee acted generously by extending their helping hands in this regard and kept us indebted.

I am expectant of a highly glorious career and smoothly peaceful life of each of the participants.

The Profiles

You came almost alone onto the Centre as a white light-shot on a prism. You've got a good many lovely faces in the memory by the time you're leaving the prism. Now you've flashed as lots of gorgeous colours out of the prism. The white light-shot, the prism, the multi-colour radiation - all make up the prismatic spectrum, the life itself.

CRÉDENCE

my precious possession ...

Simplicity

Simplicity has a beautiful and refreshing honesty about it. No ulterior motives. No hidden meanings. It's simple, innocent to the extent of a silent purity which is rustic, carelessly artistic and genuinely pleasant.

Cherish the simplicity of Credence Watches.
