I believe that this training will transform the participants as the most compatible officers of the nation. The trainees have gained knowledge on Development Administration, Management, Administrative rules & regulations, Good Governance, Government Policies, Basic Economics, English language and computer skill and many more. The training will also make them aware of the changes in governance and mould their mindset to adopt through these changes. Moreover, this training also developed the leadership quality and social skills among the participants so that they can perform their responsibilities effectively and maintain a cordial relationship with officials at all level. Physical conditioning program and outdoor games have made them fit and taught them the art of keeping fit. The training also developed interpersonal skills to maintain relations with officials at all levels. Besides, the field attachment and Know Bangladesh program facilitates in extending their knowledge regarding the socio-economic structure of rural Bangladesh. Different co-curricular activities including cultural program have flourished their intellect.

Time may pass away,
But memory remains alive"

So, my mind is filled with pleasure & pain simultaneously on the successful completion of our journey of 43rd Foundation Training Course in BPATC.

Training refers to acquisition of knowledge, development of skill & change of the attitude positively that increase our competence to work. We wish 43rd FTC will be able to build up such competence to work in excellence for the betterment of the nation by maintaining our honesty, sincerity & professional ethics.

As a fundamental job requirement, we have to undergo this training at BPATC on the surface, but there remains a high potentiality & scope to build up a rapport among the officers of 19 cadres in the interior. The souvenir shall perhaps be a never ending source of friendship, love, empathy & fellow-feeling among the participants of 43rd Foundation Training Course.

I would like to extend thanks to our honorable Rector, Course Advisor, Course Director, Course Coordinators and other faculty members for providing us with valuable advice and assistance to make this souvenir a success. My cordial thanks to all of the members of Literature & Publication Committee as well as the participants of 43rd FTC and I am grateful to those who inspired, helped and gave co-operation for successful publication of this souvenir.

I humbly apologize the inadvertent mistakes that may occur in this publication & all the credit goes to the participants of 43rd FTC.

May Almighty Allah helps us to start our career with sincerity, dedication, honesty & professionalism to serve the country best because we love Bangladesh.

There are some sweet moments in human life never to forget. Four months stay at BPATC is that type of moments. The entire course period expires by physical exercise, classes, syndicates, assignments, book review, village attachment, report writing and presentation. Every moment we were delighted with friendship and got the touch of dynamic, efficient, creative faculty members with expertise as well as resource persons of profound wisdom here.

The sweet memories will remain fresh and spotless forever in my mind. I would like to convey my heartiest gratitude to our honorable Rector, Course Advisor, Course Director, Course Coordinators and other faculty members for providing us with valuable advice and assistance to make this souvenir a success. Again I like to extend my heartfelt thanks to all of the members of Literature & Publication Committee as well as to the whole participants because without their spontaneous help it would not be possible to publish the souvenir.

"Harmonica" is the archive of 43rd Foundation Training Course. We will find out each other through this souvenir for the rest of our lives. It will inspire us to go forward reminiscing our sweet memories of four month stay at BPATC. We have tried our best to furnish the souvenir with necessary information of the participants including the photographs of different activities during the training period. Nevertheless, if any flaw exists, I seek apology and if anything good in this souvenir; it belongs to all of us.

I wish sound health and smooth professional life for all of my friends and fellow colleagues of 43rd FTC.
